Quarisa wines receives 4 star rating and great reviews from James Halliday

The four star rating from James Halliday 2009 Australian wine companion puts Quarisa wines in the top 23% of all wineries in Australia. In its first James Halliday review Quarisa captures further limelight from Australia's leading winewriter as he writes, "*The current releases offer exemplary value for money, and it is no surprise that one of the leading national distributors, Domaine Wine Shippers has taken on the brand.*"

James Halliday then goes on to list the 2005 Treasures Cabernet Merlot with 93 points as one of the Ten of the Best Value Reds in the \$10- \$15 category.

No surprise then that on the international front both the Johnny Q and Treasures start to reel in the medals. Heading up the medal tally with Gold at the 2008 San Francisco Wine Challenge is the Johnny Q Shiraz 2006 whilst the Johnny Q 2006 Shiraz Viognier also comes home with a Gold at the 2008 Boutique Wine Awards in Australia.
