Winemaking and Viticulture

The grapes were picked at between 13.5 to 14.0 Baume to produce the fruit flavours that are required to make this great wine. The grapes were fermented in a mixture of vessels to produce as much colour and flavour as possible. Portion of the wine underwent oak during fermentation and once dry, the remaining went to oak until the right balance was achieved. Careful tasting and blending, by our winemaker, help produce this wine of style and great value for money.

Tasting Comments

Intense red with purple hues. Fresh, complex cassis and mint fruit flavours with some well integrated vanillin oak. Full bodied with dense ripe cassis fruit flavours balanced with vanillin oak but yet long and smooth. Try with chargrilled sirloin or a hearty minestrone. This wine has the flavour, structure and balance to be enjoyed now or offers added satisfaction from further cellaring.
