Enjoy with good friends and family.

Winemaking and Viticulture

The Pinot Gris fruit was harvested and crushed directly to the press, where only the free run juice was selected. After a period of cold settling the juice was racked, warmed and fermented using a specially selected aromatic yeast, chosen to accentuate the primary fruit characters and to create texture and complexity.

Tasting Comments

Pale straw with light green hues. Clean, fragrant, lively pear and rose petal aromas. Round and soft with creamy white floral notes on the palate that is also clean, complex and crisp. Serve with Moroccan chicken breast with almond couscous. For immediate enjoyment, however, the wine will continue to soften with more complexity over the next 2 to 3 years.
