Winemaking and Viticulture

Demanding the very best of our wine growers and winemakers this Rose has excellent balance and structure. To achieve this we turn to old vine, dry grown bush Grenache vines which are low yielding with soft round fruit flavours and balanced acidity. In turn then blended with high yielding shiraz vines which is an advantage to the blend, allowing high juice to skin ration leading to a crisp fresh and minimal colour extracted component. The two wines were run off skins early and cold fermented to retain the delicate fruit characters of the grapes.

Tasting Comments

Light salmon pink with red hues and silver rims. Fresh intense aromas of early picked raspberries and strawberries with hints of savoury brioche. A refreshing, playful, dry Rose style with some strawberry, melon juicy fruit flavours with a clean crisp finish. Delicious with egg and bacon pie and great with fresh figs, prosciutto and goats cheese. Wonderful accompaniment with Thai inspired foods. Drink Now.
